1. [] Captain Edward Dauchess, in the office of the Secretary of Defense, called about the letter dated 12 June 1972 which Mr. Craig Jarrell, of the Lao Air Development Company, sent to Senator Jackson on the subject of competition from Air America. Dauchess said they feel the letter relates to matters of primary interest to the Agency and said they would like to pass action on it to the Agency. After talking with Mr. Wattles, I contacted Dorothy Fosdick, on the staff of Senator Jackson's Subcommittee on National Security and International Operations, and asked her to have the proper person in the Senator's office transfer action on this item from DOD to ourselves. I told Miss Fosdick that when we had had an opportunity to look into the questions raised by Jarrell's letter, we would then be back in touch with her.

2. [] Talked with Mr. James Halmo, State Department Congressional Relations staff, about the LIG meeting scheduled for tomorrow morning. Halmo has LDXd to us a memorandum from Marshall Wright containing an agenda for tomorrow's meeting. This agenda deals with the foreign assistance legislation, war powers amendments, and executive agreements. 25X1

1. [] called to say OSP had been in touch with their office concerning any testimony the Director may have given on the Agency's quick response capability in connection with the SALT agreements. I suggested that Elliott refer OSP to Bruce Clarke, D/OSR, who has been with the Director at his congressional briefings on SALT verification.

2. [] Checked with the Senate Foreign Relations Committee on the testimony of John Ingersoll, Director, Bureau of Narcotics and Dangerous Drugs, Department of Justice, before Senator Spong's Subcommittee on 27 June and learned that Ingersoll did not modify his briefing statement to say that since 1971 the Agency had been given an expanded mandate in the illicit drug field. See Journal of 26 June. This information has been passed on to Mr. [] DDP/NARCOG.

3. [] Received a call from Vincent Auglier, formerly on the staff of the House Subcommittee on Foreign Operations and Government Information, Government Operations Committee and now Assistant Vice President of the Dreyfus Corporation. Auglier expressed concern about a contact that had been made with his company by someone from the Agency and asked me to look into it. [] I called him back and assured him this was a relatively routine contact as far as we were concerned, but said if this caused any problems with the company we were more than willing to cancel any future appointments. See Memorandum for the Record.

4. [] Commander Joseph Lorfano, Chief, Southeast Asia Division, Assistant Secretary of Defense (Public Affairs), called to alert us to a letter which Mr. Craig Jarrell of the Lao Air Development Company had written to Senator Henry Jackson claiming that despite its high charges for helicopter service in Laos Air America is receiving preferential treatment from Government agencies because of its "governmental status." Lorfano LDXd a copy of Jarrell's letter to us for our information and it has been passed on to Mr. Coffey for his information and action.
